Orleans ON K1E 3W7

Dear praying friends,

I can not overstate my gratitude and admiration for your intercession on behalf of our street friends and the varied ministries of OIM. As you can see from the prayer calendar, homelessness, addiction, fear, loneliness, and anxiety are like a pandemic amongst the community of Ottawa's Innercity. We serve, bring relief, pray, and hope, yet I sometimes experience angst that the darkness will not let our street friends go. At times, I find myself crying out to God, INTERVENE! Silence the voice of the enemy, bring clarity to the minds of the mentally unwell, crush the power of addiction and reveal yourself to our street friends through dreams and words of truth spoken by your children.

I know that no circumstance is beyond the redeeming power of God to affect. God changes lives, and He changes them forever!

Please pray for those on the prayer calendar. Pray for the mission of OIM, its volunteers, and the staff. The enemy wins when we stand alone, but through the persistent and impassioned petitions of God's people, our Lord responds with perfect love and incomprehensible power.

The people of Ottawa's Innercity need revival. The volunteers and staff of OIM need to be filled with the Holy Spirit overflowing. The darkness needs to be defeated, in Jesus' name.

In your service and the service of the King,

Gerry Potter  
Executive Director
