

Greetings and Merry Christmas to all who call Grace their home!

I am writing now just to say "Thank you" for your generous support shown toward OIM and our outreach over the past little while through your generous gift.

I struggle to find the right words to capture what your gift means: assuring/ amazing/ wonderful/ supportive - as I reflect the number of people, just like you, behind the scenes, who really believe in what we do on the streets of Ottawa, and who show their concern by giving a gift to help those in need.

I want to personally say a great big "Thank you". When I learned of your generosity, it just made my day!

So from me, our Board and staff, and those who call the streets their home, Thank you.

Be well, be safe, and look after each other.

Many blessings, and again, a very Merry Christmas!
