

Good morning team,

My heart is very overwhelmed this morning in what God is doing through your continued partnership:

- There is a French translation of the Who is God (WIG) booklet underway.
- There are four unbelievers that I know of who are engaging with the WIG, and one of them is helping to translate it to French. Please pray for C., K., J., and C. Wouldn't it be so awesome to see these ones come to faith in Christ through this process? Please also tell us your stories of those that you are engaging with this resource.
- There are over 2000 copies of the WIG that have been distributed to date, and we're receiving another 1000 copies next week. God has also provided to print 10,000 perfect bound versions, but they won't be available until January 2022 because of a printing backlog.
- There will be a free digital copy being made available within the next week. Here is the link for when it becomes live: go.ethnos.ca/who-is-god

Proof copy of our new lessons...

Here is a proof copy of version 2.0 of our lessons. Changes include:

- New cover design that makes each level of Establish easily recognizable on a bookshelf
- New branding, including a new Establish logo, font, colours, and teaching icons
- New 'tag-line' that defines our ministry goal: 'Established in Christ—Empowered to disciple'
- New charts to help the discipler focus on the core objectives of this disciple-making process
- New writing style and resources that enables individual disciple-making (i.e., the large backdrop of resources is no longer needed)
- New lesson format that lays out one primary truth in two or three applications
- Newly edited content, thoroughly reviewed and revamped by six editors

Please pray as we work to complete the rest of 101 and version 2.0 of our Equipping A.

Fall ministry resumes...

Please also pray as begin traveling north twice a month beginning this next weekend. Once a month will be in the two northern locations, and the second trip will just be in one location. Half of our time for both locations will focus on equipping them to utilize these new resources and the other half on the book of Acts.

- Please pray for God to empower these folks to begin discipling on their own.
- Please pray for travel companions to help drive. (If you are interested, please let me know.)

Thank you for your continued support.

Dave & Judy
