Thank you so much for your long term investment in students on campus. We have seen the impact and how they see the importance of following God in all aspects of their lives.

With gratitude,

What a gift to continue in a partnership that existed with you long before many of us began to minister here. Thank you! May you be filled with grace and peace this Advent and Christmas season.

We at Carlson appreciate you so much!
Your faithful generosity gives us great encouragement as we minister in the next generation of students together.
Yours in Christ,
